

Certified Case Manager – Provisional Status (CCM-P) Application

REQUIREMENT

The provisional application is for individuals who have met the CCM formal degree and training requirements, but do not yet have the full year (2,000 hours) of on-the-job experience necessary for full certification. These applicants submit education and training documentation together and, upon approval, are issued a provisional credential that is valid for 12-months. During the provisional period, on-the-job experience requirements are complete and the credential is "upgraded" to a full credential before the provisional expiration date.

CCM-P applicants must:

- Be employed by an Agency for Health Care Administration (AHCA) enrolled mental health targeted case management provider.
- Meet all FCB administrative requirements and all CCM-P specific standards and eligibility requirements. Please see the *CCM-P Standards Table* for details.

APPLICATION FOR PROVISIONAL CERTIFICATION

Application for certification is a two-part process. First applicants must create an online account with the FCB. After the account is created, the applicant is eligible to apply for certification. Please read these directions carefully.

Step 1: Create an Online Account. Please refer to the *Candidate Guide: Application Process* for directions on how to create an online account. It is very important that you understand the following:

- **DO NOT** submit this application, supporting documentation or fees until you have created your account as the FCB cannot conduct any business with you until your online account is created.
- The primary means of communication from the FCB is by email. As such, we strongly encourage you to use your personal contact information in your online account. If you provide your work email as your PRIMARY contact and you subsequently leave that employer, the FCB will not be responsible for failure to communicate certification information to you.

Step 2: Prepare and submit the CCM-P Application. The CCM-P application is only available in hard-copy. There is NOT an electronic application for provisional certification.

- This form is to be completed by the Applicant.
- All information must be TYPED. Handwritten forms will be denied.
- The following documents must be submitted with this application for provisional certification:
 - Unofficial copy of the applicant's college or university transcript (Bachelor's degree or higher from an accredited college or university)
 - A copy of the training certification of completion (or equivalent documentation). Training documentation must include the following minimum information: participant name, title of the training program, date of training, and the name of the AHCA approved training provider.
 - Check or money order in the amount of \$100 or credit card payment over the phone.
- The application, all supporting documentation and the certification fee can be sent via mail, email or fax.
